

# Corporate Volunteering

Lexington Community Farm would love to host your company for a morning or afternoon of volunteering!

## TASKS YOUR GROUP MAY HELP WITH:

- Removing invasive plants
- Weeding & cultivating fields
- Transplanting
- Setting trellis posts
- Moving tarps
- Spreading mulch

## WHAT DO WE NEED FROM YOU?

- Farming field work is fun, dirty, and physical. Volunteers should be able to bend, lift, and carry items, handle small hand tools, and enjoy being outdoors. We work in rain and in sunshine.
- Group size: 10-30 volunteers
- **A monetary contribution supports the LexFarm mission**

## WHEN CAN YOU HELP?

- April through November
- Wednesday & Thursday mornings
- Monday afternoons
